LINAVITY

Game Manual

Synopsis

Your story begins on the universally renowned alien spaceship, the S.S. BPA. Your experiments on antigravity posed a great threat against humanity, causing the government to place you on death row. The night before your execution, you heard a strange voice from your cell. In an instant, you found yourself abducted by an alien spaceship, and you know what they want…

Your goal on this spaceship is to retrieve your antigravity technology and find a way back home. With advanced weapons and skill, navigate your way through the ship's labyrinth. Time affects your score, so use it wisely.
